Enquiry data provided on 21st September 2003

(1) Country: **Principado de Andorra.**

(2) How many Lucanidae species are present in the country? List them and provide a reference if available: ***Dorcus parallelepipedus* and *Lucanus cervus* are mentioned by de Torres Sala (1962). No information about other species, although several more could be present.**

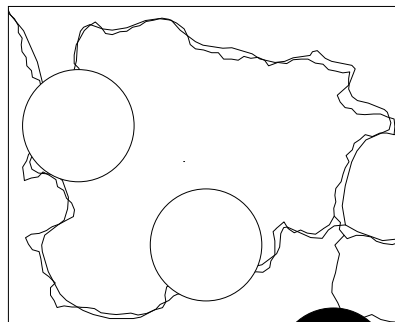

de Torres Sala, J. (1962). *Catálogo de la colección entomológica "Torres Sala" de coleópteros y lepidópteros de todo el mundo.* Diputación provincial de Valencia, Valencia.

(3) Which is the threat status of those species; are they redlisted in your country? Provide a reference (red data book or similar) if available: **No red list known. Not enough data to assess the status of those species.**

The following questions refer to *Lucanus cervus*. Feel free to provide answers also for any other Lucanidae species in your country.

(4) Species: *Lucanus cervus*

(5) Can you send us a distribution map (provide a reference if available)?:

Source: GTLI, unpublished data.

(6) Abundance (indicate numbers, population density or rank in a common-rare continuum, whatever that is known) or distribution (indicate number of 10 x 10 km squares occupied, number of known localities or other estimates): **Only two localities known, both of them previous to 1980.**

(7) Is this species protected in your country? (provide a reference if available -red data book, law, other reports-): **No information available.**

(8) Threat category (IUCN category if available, otherwise explain the meaning of the category): **According to the information available in GTLI data base the species should be considered as Data Deficient (DD).**

(9) Is any population trend available? (provide a reference if available): **No.**

(10) Which are the known or supposed sources of threat? (make it clear whether sources of threat are known or supposed): **No information available.**

(11) Representation in natural preserves (number of reserves, % of population in reserves): **No natural preserves established in the country, at the moment.**

(12) Current or planed projects for recovery of the species: **No information available.**
